The Alumni President's Message

Dear Fellow Alumni:

During this year your Alumni Association has been active in organizing Maryville College Clubs wherever a sufficient number of Alumni and former Maryville College students could be brought together. This activity has been delightful as well as helpful. It has brought together former friends and acquaintances and served to renew interest in our Alma Mater. Some of these clubs have generated a good deal of enthusiasm and plans are being developed which will keep these groups active and in touch with the College.

We are interested in extending these Maryville College Clubs throughout the United States and we invite your co-operation and suggestions in this undertaking. Won't you write us if you feel that a club would be advisable in your area.

The campaign to raise funds to build a new chapel on the Hill has been in progress since Fall. We are ready now to extend the campaign to Alumni of Maryville College throughout the United States. Elsewhere in this bulletin President Lloyd has outlined our plans for approaching this phase of the program. Every one of you will be asked to give and I urge you to respond generously. Unless we give liberally - every single one of us - the chapel will be delayed in its realization. When you are called upon to assist in this campaign I'm sure your response will be unselfish because you have a deep interest in this undertaking.

Come back to Maryville at Commencement time or Homecoming or whenever the opportunity presents itself. Catch something of the Old College Spirit again and something of the new. You will be rewarded by seeing again college friends and associates and re-living many happy experiences of those cherished days and by sharing in the new associations and plans.

Cordially yours,

President Lloyd's Page

DEAR FELLOW-ALUMNI:

A letter went out from the College in April over the names of the Presidents of the College and the Alumni Association. It and the enclosure gave the Commencement schedule. As this is written Commencement is still ahead of us, but when it is read Commencement will be over. This magazine gathers up some of the news of the year and I am permitted to include this personal communication.

Graduates

The number of seniors receiving degrees on Commencement Day is expected to be 111. There are eleven others who received their degrees at the end of the first semester (December 22, 1948), and there are eleven who expect to complete their graduation requirements in some summer school during the next few months. If these numbers materialize the Class of 1949 will total 133. The average during ten years before World War II was 120.

Alumni

This will bring the total number of living graduates of Maryville College to 3360. They live in every State in the Union with the possible exception of one and in many foreign countries. Approximately six hundred live in Blount and Knox Counties near the College, and eight hundred in the eastern Atlantic seaboard States. More than half of you have graduated since I came to the presidency in 1930. We are indeed a growing family.

Alumni Chapel Campaign

May I call the serious attention of the "family" to the statement on the opposite page concerning plans for extending the chapel rebuilding campaign to all alumni. I sincerely trust that *every one* of you will make a subscription when the request comes in these next weeks. Such a trust, even such an expectation, is reasonable. It is difficult to imagine a living graduate of Maryville College who would not wish to contribute to the building of a Chapel now.

Fine Arts Center

As indicated in a special article on another page, we hope to begin construction of the new Fine Arts Center before fall. Of course, exorbitant building costs may cause delay but we are hoping it will not be so. As we approach the times when we may be able to rebuild the Chapel and construct a Fine Arts Center, we should realize with deep gratitude this fact: that to replace the cherished Voorhees Chapel we are planning not only a new and larger chapel building but also an entirely new Fine Arts Center. The two will multiply the facilities we had before the fire. The total cost will be more than \$700,000, of which, in the providence of God, we have \$500,000 in sight.

Aluminum Company of America

We have been gratified and helped by the magnificent gift of the Aluminum Company of America to endow a Professorship in Chemistry. Elsewhere in this issue is a more detailed report of this gift. We desire that an increasingly significant cooperative program will result from this generous support given by our great industrial neighbor.

As the Year Closes

It is a startling fact that four college years have passed since V-J Day. Some of the things Maryville hoped to do soon after the war have been done. But some yet remain. We constantly plan for the future, but plans sometimes are elbowed aside by the urgencies of each day. Life and work with our 916 students this year is interesting and challenging but it is demanding also. And it is for them we are here. It is for others like them that we plan and ask alumni around the world to plan.

Sincerely,

After the Chapel burned and before the walls fell.

ALUMNI AND THE CHAPEL

The time has come when all graduates and former students everywhere must be asked to contribute toward rebuilding the Chapel. Those who live in the Maryville and Knoxville communities had opportunity last fall to make subscriptions and many did so. A few who live at a distance have sent gifts but until now there has been no general appeal to the three thousand graduates or to others who live beyond our local communities.

An Alumni Campaign Soon

A campaign to secure contributions from every graduate and every former student will start in June and will continue through October. It has been approved by the Directors of the College and the Executive Committee of the Alumni Association.

In due time all who read this will receive a brochure containing the plan of giving. In areas where there is a sufficient concentration of alumni, a program of personal contact will be organized by fellow alumni with the help of some of us from the campus. Alumni who cannot be reached in this way will receive pledge cards by mail to be returned by mail.

The Chapel Fund Passes \$200,000

The building cost of the Elizabeth R. Voorhees Chapel forty-three years ago was the unbelievably small sum of \$34,000. When it burned in 1947 the College received approximately \$75,000 from insurance. That is more than twice the original cost, but is of course far below the estimated cost of \$400,000 for the new Samuel Tyndale Wilson Chapel. The new building must be fire-proof, should be a third larger than the old Chapel, and if built anytime in this generation it cannot escape inflated prices.

During the months following the fire about \$25,000 in pledges and gifts was received from various friends. Last fall campaigns were conducted in the Maryville and Knoxville communities from which came gifts and pledges totaling nearly \$100,000. Thus, with the insurance the grand total on hand in money and pledges is approximately \$200,000.

The Share of the Alumni

It is now necessary to ask alumni and former students all over the world to provide the other \$200,000 which we must have in

sight before the Chapel can be built. A considerable number of alumni who live in the Maryville and Knoxville areas have already given through the community campaigns, but most of those living elsewhere have not been asked to give to the Chapel until now. In this article we are not asking for gifts but are announcing that such an appeal will be sent forth soon.

A Noble Memorial

As stated in the April, 1948 issue of this Bulletin, the new Chapel will be named for Dr. Samuel Tyndale Wilson, fifth President of the College (1901-1930). Dr. Wilson graduated from the College in 1878, was a professor here for seventeen years before becoming President, and was fourteen years President Emeritus before his death in 1946. His life was closely bound up to that of Maryville College for sixty-five years. The Samuel Tyndale Wilson Chapel will be an exceedingly appropriate and worthy memorial, and will help to perpetuate the name of the man who in fact, more than any other person, has made the Maryville College which we know. And it will be a memorial of maximum usefulness throughout the coming generations.

It is sincerely hoped that every person who reads these words will give the utmost amount possible. This is necessary if the Chapel is to be rebuilt.

THE FINE ARTS CENTER

Preliminary plans for the Fine Arts Center have been approved and working drawings are being prepared by Schweikher and Elting, Architects, Chicago. The time schedule now calls for completion of the working drawings by early June and the submission of bids about July. If building conditions are not too unsatisfactory we hope that construction can be started in late summer. There is still considerable economic uncertainty in our country and no one can foresee conditions of materials and labor, but we are aiming at this schedule.

The Fine Arts Center will be located on the open ground which now constitutes part of the golf course at the north corner of the campus, across the roads from Baldwin Hall and the Chapel site, toward the Southern R.R. station. The building will be of brick with extensive use of plate glass on the north and east sides and in the foyer of the auditorium. Selected woods will appear in several interior uses.

The design is distinctively contemporary and functional. Overall length of the building from southwest to northeast is about three hundred feet (the length of a football field) and there are three perpendicular wings. The height will be one and two stories.

The plans provide teaching studios for Music and Art, classrooms, music practice rooms, an art gallery, art work rooms, a fine arts library, offices, a lounge with kitchenette, radio control room, band and orchestra rehearsal rooms, an auditorium seating about 275 for music recitals and concerts, and an outdoor theater. The facilities for dramatic art and choir rehearsal will be on the ground floor of the Chapel, which is to be a separate building.

The Fine Arts Center will be a memorial to Ann Baldwin Lloyd, daughter of Mr. and Mrs. Glen A. Lloyd of Chicago, who died suddenly the day after our Chapel burned two years ago.

The 1949 February Meetings were very successful and brought true blessing to the campus. Pictured in the Alumni Gymnasium where, of course, the morning services were held, are President Lloyd, Dr. S. E. Stringham, the song leader, Dr. Howard Moody Morgan, the leader of the Meetings, and Dr. Henry Barraclough, accompanist.

ALUMNI CLUBS

New Clubs

Five new Maryville College clubs have been organized since the last issue of the Alumni Bulletin. President Lloyd was present at each place to speak concerning the College and to help with the organization, and at two of the places, Cincinnati and Louisville, Earl W. Blazer, '30, president of the Alumni Association, and Mrs. Blazer were also present.

The Metropolitan Maryville College Club was organized in New York City on November 5. Fifty-three persons gathered at the Hotel New Yorker for dinner. The following officers were elected: Ralph B. Teffeteller, '32, chairman; William S. Quigley, '36, vice chairman; and J. O. Henderson, '22, secretary-treasurer. The second meeting of the Club is being held in May. If you live in the New York area and are not in touch with this group, send your name and address to Mr. Henderson, whose address is 30 Pierce Street, New Rochelle, New York.

The Ohio Valley Maryville College Club is the name under which alumni of Cincinnati and southern Ohio and northern Kentucky reorganized on December 2. A dinner meeting was held at the University of Cincinnati YMCA. Officers elected were: Robert W. Bishop, '26, chairman; Robert C. Borcer, '36, vice chairman; Alfred H. Davies, '41, secretary-treasurer, whose address is 2441 Malvern Avenue, Dayton, Ohio.

The Louisville Maryville College Club was formed at a meeting held at the central YMCA in Louisville on December 3. An enthusiastic group of alumni from as far away as Frankfort, Kentucky, gathered for dinner and a program. James M. Brown, '26, was elected chairman; Irvin K. McArthur, '47, vice chairman; Peggy Caldwell Smith, '45, secretary-treasurer. Mrs. Smith may be addressed: Mrs. Charles C. Smith, 1926 Winston Avenue, Louisville, Kentucky.

Northern Ohio Maryville College Club came into being at a meeting of thirty-five alumni in Cleveland on April 8. The meeting was held at Old Stone Church on the Public Square, where dinner was served by women of the church. The officers are: chairman, Arthur R. Kinsler, Jr., '24; vice chairman, Robert W. Tripp, '34; secretary-treasurer, Mrs. Albert Slawson, '37 (Jeanne Fenn), whose address is 3198 West 71st Street, Cleveland 2, Ohio.

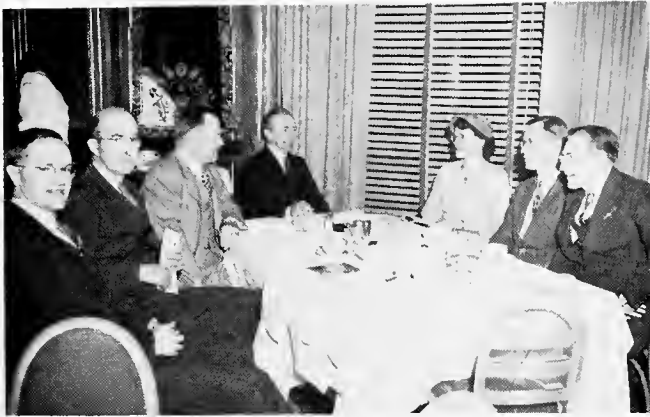

The Michigan Maryville College Club is the youngest of the fourteen now active. It was organized at a dinner meeting in the Women's League on the campus of the University of Michigan, Ann Arbor, April 9. As the accompanying picture will show, there had been a planning meeting in Detroit sometime before. The following are the officers who were elected: Paul Armstrong, '24, chairman; Mrs. Edward T. Raney, ex '33 (Margaret Melody), vice chairman; Phyllis Irshay, ex '45, secretary-treasurer. Miss Irshay's address is 11611 Nardin, Detroit 4, Michigan.

The Fourteen Clubs

There are about fourteen active Maryville College Clubs in the United States; the club names and chairmen are listed below. In at least two other centers organization plans are afoot at this writing. In addition to these there are a few other areas where there are sufficient concentrations of alumni for clubs and steps toward organization are to be taken. Membership in Maryville College clubs is open not only to graduates but to all who have at any time attended the College.

MARYVILLE COLLEGE IN GOOD HOUSEKEEPING

Maryville College is one of fifty colleges listed in an outstanding article entitled, "Is the Small College Your Answer," written by James W. Hampton of Bloomfield, New Jersey, and published in the April, 1949 number of *Good Housekeeping*.

The article is well written around the thesis that youth and parents will find in a large number of highly accredited colleges which do not enroll more than 1500 students and do not charge more than \$1,000 a year, an answer to the higher education problem which has come from large enrolments and high fees.

Fifty "good, small colleges" of the kind recommended are selected for illustration and description. Maryville is one of these. The author calls Maryville "a topnotch small college." It is impressive to discover that only one college in the list announces the annual cost to the student as less than that at Maryville.

Alumni will find it profitable to read this article.

ALPHA GAMMA SIGMA

Thirteen seniors were elected to membership in Alpha Gamma Sigma, Maryville's honor scholarship society, this year. Two of the thirteen graduated at Christmas—Irma Jean Benedict and David Park Hostettler. The others are as follows: Grace Ellen Cross, Barbara Leigh Eggleston, William Joseph Elzey, William Harold Hunter, Juanita Jeane Johnson, Edwin C. Pancoast, Chester William Phillips, John Morris Poland, Charles Nelson Robinson, Richard Howard Sprague, and Sara Kiger Wilson.

**\$100,000
GIFT FROM
ALUMINUM COMPANY
OF AMERICA**

Dr. Lloyd and Dr. McCreery and the Check.

The Aluminum Company of America presented a check for \$100,000 to Maryville College in February. It is being used to endow a Professorship in Chemistry "on the Aluminum Company of America Foundation."

This is a truly magnificent investment in the Christian education program of the College by the world's pioneer and present largest manufacturers of aluminum; the Alcoa, Tennessee, operations of the Company, within sight of the College, constitute the world's largest aluminum works.

In his letter transmitting the gift, President Roy A. Hunt of the Company wrote from Pittsburgh to President Lloyd of the College in part as follows:

"We have always been impressed with the soundness of educational policies practiced by Maryville College in the preparation of its students for citizenship; more so because not all educational institutions have seen their objectives as clearly nor adhered as closely to their ideals in the achievement of these objectives. . . .

"We hope that, not only through this grant but by reason of our long established confidence and understanding, our relationships will continue to be mutually beneficial to your fine college and our organization."

In acknowledging the gift President Lloyd wrote in part as follows:

"Maryville College is profoundly grateful for this magnificent gift of \$100,000 by the Aluminum Company of America. It helps to meet an essential need of the College. Also it indicates a confidence in the work of the College on the part of the Company, which is a near neighbor, that is very encouraging. . .

"We at Maryville College have long held the Aluminum Company of America in great respect not only because it makes these great contributions (employment, business advance, community welfare) to all this area, but also because in its operations it has consistently maintained high ethical standards. Its dealings are fair dealings. Its support of community ideals has been widely marked.

"Church colleges, like Maryville, can be great community assets and have helped to make America great only when supported by gifts of people and business firms that believe in the freedom and the necessity of Christian education."

Public announcement of the gift was made on March 3 and the next morning Mr. Ralph M. Ferry, Manager of Tennessee Operations, and Mr. Albert D. Huddleston (a Maryville College man), Regional Manager of Public Relations, spoke at chapel. The accompanying pictures were taken in February when the check was presented and plans for the Professorship were discussed. Dr. O. C. McCreery, Chairman of the Company's College Relations Committee, and Dr. Francis C. Frary, Director of Research, came from Pittsburgh to bring the gift, and with Mr. Huddleston and Mr. Ferry represented the Company in talking over plans with officers of the College.

Roy A. Hunt, President, Aluminum Company of America. After graduating from Yale University he began with the Company as a mill clerk at the New Kensington, Pa., works and rose steadily through various positions until he became President in 1928.

Pictured in the President's office at the College are, left to right, President Lloyd, Dean Hunter, Dean McClelland, Judge John C. Crawford, Recorder of the College's Board of Directors, Mr. A. D. Huddleston, Regional Manager of Public Relations, Dr. Francis C.

FACULTY NEWS AND NOTES

Miss Jessie K. Johnson, Assistant Professor of English, is on Sabbatical leave this semester to study at Columbia University. She will be back on the campus in the fall.

Dr. Griffiths, Professor of Chemistry, has been serving this year as president of the East Tennessee Section of the American Chemical Society. In June the East Tennessee Section will be host to a large regional convention in Oak Ridge.

The Tennessee Philological Association, at the invitation of the faculty of the Division of Languages and Literature, held its annual meeting here in March. One feature of the meeting was a delightful presentation of scenes from "The Beggar's Opera" arranged and presented by Professor Lindsey of the University of Chattanooga with the assistance of the Maryville College music department. Miss Catharine Wilkinson, Associate Professor of French, was elected president for the ensuing year.

Many faculty members have attended meetings of national organizations. President Lloyd attended the meetings of the Presbyterian College Union and the Association of American Colleges in January; he and Dean McClelland attended the Southern Association of Colleges meeting, and he, Dean McClelland, Miss Massey, Dean of Women, and Mr. Henry, Acting Treasurer, attended the Tennessee College Association meeting in Nashville. Mr. Henry also attended the Southern Association of University and College Business Officers meeting in Berea, Kentucky. Mrs. Kramer and Miss Davies also went to Nashville to the Tennessee College Association and to meetings in elementary education and music respectively. Last fall Dr. Briggs attended a meeting of all directors of Teachers' Workshops in Tennessee. During the Christmas vacation Dr. Queener went to the American Historical Association meeting in Washington, Miss Davies to the National Association of Schools of Music in Chicago, and Mr. Ainsworth to the American Political Science Association in Chicago. In April Miss Lightfoot attended the national convention of the American Association of Collegiate Registrars in Columbus, Ohio, and Miss Henry attended the D.A.R. Congress in Washington. Miss Grierson went to the Tennessee Library Association meeting in Gatlinburg. Dr. Case, Mrs. Pieper, and six of their sociology students attended the Southern Sociological Society, which met in Knoxville this year.

Other activities of the faculty have been varied. Mr. Hughes gave an organ recital at Clinton, Tennessee; the ministers on the faculty are in constant demand as preachers in the churches of this area; under the direction of Mr. Engelhardt, students in

one of his classes have organized the first chartered Negro Boy Scout troop in Blount County. Dr. Queener wrote an article, published in the East Tennessee Historical Publication, on the change of sentiment on secession in Tennessee between February and June, 1861; *The School Musician* carried an article by Mr. Hughes entitled "The Business of Conducting."

Mrs. West, who retired in 1947, had a serious operation in March but is now up and about again.

Dr. Ralph S. Collins, who formerly taught modern languages at Maryville, and Mrs. Collins were recent visitors. After a term of service as a vice-consul in Germany, Dr. Collins is at Columbia University this year studying Russia and the Russian language. He and Mrs. Collins and their three children expect to leave for Russia in July.

Miss Rachel Armstrong, on the Home Economics faculty from 1934 to 1943, is now in Chattanooga working in the Federal School Lunch Program.

HIGH SCHOOL DAY

High School Day for the seniors of the Blount County high schools was held on the campus April 29. The project was sponsored by the Blount County Chamber of Commerce in cooperation with the College and the high school principals.

Approximately four hundred seniors were present at the opening meeting at 9:45 in the Alumni Gymnasium. After a brief program of introductions, music, and explanation, the assembly was divided into vocational-interest groups in which discussions were conducted by leading business, industrial, and professional men of the community. Ten separate group discussions were held, each covering a group of related vocations.

Following the discussions a barbecue lunch was served by members of the Chamber of Commerce, with "seconds" and "thirds" available for all. A tour was conducted to points of interest on the campus. Unfortunately, a tennis match with Milligan College, and a baseball game with Emory and Henry College, which had been planned to round out the day's activities, could not be played because of rain.

Reaction to High School Day was favorable, both from the high schools and the community. The fact that the vocational discussions were gauged to meet the needs of all seniors, regardless of their further educational plans, created additional interest and comment. Consideration is being given to the idea of making High School Day an annual event and enlarging its scope.

Here And There

1901

Andrew Wade Morton of California visited the College recently. He was enroute to Africa for a two month's stay. Dr. Morton is eighty-one years old and is still a practicing physician.

1916

O. H. Logan and his wife (George Ella Simpson) visited the College campus in January. They are now living in Belle, West Virginia.

D. W. Proffitt was a delegate to the first annual National Council of Presbyterian Men in Chicago, February 11-13, and was elected vice-president for the area which includes Tennessee, North and South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana.

Mrs. D. W. Proffitt (Gray Webb), who has held many positions of responsibility in the women's organizations of the Presbyterian Church, has recently been appointed a member of the Board of Christian Education of the Presbyterian Church, U. S. A.

1919

Catharine Wilkinson, Associate Professor of French at Maryville College, was elected President of the Tennessee Philological Association at the annual meeting of the group held at the College March 4 and 5.

1920

Mrs. Jancer Lawrence Tweed (Ashton Clayton, ex'20) has been for the past two years editor of the Ohio DAR News. The Tweeds live in Cuyahoga Falls, Ohio. Mr. Tweed is a member of the law firm of Hammond and Tweed in Akron.

1921

Mrs. T. A. Askew (Jeannette Hibbert) is now living in Richland, Washington.

G. Hurst Paul, ex '21, is Business Manager of Green Mountain Junior College in Poultney, Vermont.

1922

Percy Buchanan is Professor of Oriental History at the University of Oklahoma. In December he was the speaker at the Founder's Day dinner of Phi Beta Kappa, speaking on the subject "East is East."

Lee R. Herndon is head of the Chemical Laboratory of the North America Rayon Company in Elizabethton, Tennessee. The following is from a recent issue of The Branched Chain, publication of the East Tennessee Section of The American Chemical Society: "Dr. Herndon has several patents to his credit among which are patents on prevention of shrinkage of cellophane during drying and adhesion of cellulose fibers to rubber. The later was a secret process used during the last war and has only recently been issued."

Charles N. Sharpe, who was pastor of the Presbyterian Church in Milan, Tennessee, has accepted a call to the First Presbyterian Church in Cookeville, Tennessee.

1923

Mark Cornett (Prep. '23), according to information received in March, has been for several months a patient at the University Hospital in Ann Arbor, Michigan. He is suffering from a rare disease, his being the third case on record at the hospital. Mark's wife and children, Francis, 13 and Julia Ann, 9, live in nearby Willow Village. Mark would greatly appreciate hearing from old friends.

Ethel DeHaven is doing secretarial work at a government airfield in Fairfield, Ohio.

Mrs. Edward Jandy (Lorene Smith), in a letter to the Alumni Office in which she brought us up to date on several of her classmates, stated that she and her husband and fourteen year old daughter, Gail, visited the campus last August when they were enroute to Miami, Florida for their vacation.

Mrs. Howard W. Newton (Winona Wade Johnston) is teaching English in Conniston Junior High School in West Palm Beach, Florida. Her husband's work is with the Social Security Office. The Newtons have two daughters; the older one will enter Maryville next fall.

1925

Mrs. Chester C. Cook (Virginia Clark) and her husband are building a new home in Dawson Springs, Kentucky, where both are employed in the Veterans Hospital.

RESEARCH DISCOVERY BY ALUMNA

The November 22nd issue of *Time* magazine and other periodicals carried articles concerning a new antibiotic, Actidione, discovered by Dr. Alma J. Whiffen, of the Upjohn Company research staff. This antifungal antibiotic was discovered by Dr. Whiffen in her search for an antibiotic effective against fungi responsible for human disease. In preliminary experiments with Actidione, prevention and cures within 48 hours of powdery mildew of bean plants, roses, and tomato leaf have already been reported, and investigation is now under way on a large scale to define the antifungal range of Actidione against many fungus diseases of plants and to delineate methods of use in control measures.

DEBATE ACTIVITIES

This year's activities in public speaking have been the best since the wartime period.

A large number of applicants for both the freshman and the varsity teams were interested and tried for a place in the program this year. Nine persons were admitted into the freshman group. These persons were given the opportunity to participate in one forensic meet and each participated in at least one contest in a freshman tournament which was sponsored by Maryville College again this year.

The varsity teams were composed of thirteen people chosen by means of contests among the applicants. The contestants took part in six college and university forensic tournaments this year. Debate teams and individual orators, extempore, impromptu, and after dinner speakers were sent to Tennessee State and the South Atlantic Regional tournaments. The highlight of the year's events was the National Pi Kappa Delta convention at Peoria, Illinois. One debate team and two individual speakers attended from Maryville. A "superior rating" and a "good rating" were brought home.

An increased interest in forensic activities was noticeable this year, probably due to some debates held on the campus as well as to the attractive program of tournaments to be attended.

DEATH OF MRS. McMURRAY

Kathryn Romig McMurray died at the home of her daughter Claire McMurray Howard, in Cleveland, Ohio, on March 11, 1949, and was buried at Maryville on March 14. In the absence of President Lloyd, Dr. Horace E. Orr prepared and read at the funeral service the following statement which alumni

will wish to read.

"Mrs. Kathryn Romig McMurray joined the faculty of Maryville College in September 1920. She came as head of the department of Home Economics at the same time her husband, Dr. James H. McMurray, joined the faculty as Professor of Political and Social Science. She and her husband served side by side, as the respective heads of these two departments, until pressure of other duties led Mrs. McMurray to give up her teaching in order to give more time to the *College Maid Shop*. Dr. McMurray served as Professor of Political and Social Science until his death on April 6, 1938.

"Mrs. McMurray had been in college work before coming to Maryville, first at Lincoln College, in Illinois, where her husband was President of the College, where she was elected as Director of Home Economics, but resigned to accept a position as Director and Teacher of Food Conservation courses at Oberlin College. She served at Oberlin while her husband was engaged in war work with the Red Cross during the first World War.

"Soon after coming to Maryville College, Mrs. McMurray, in connection with the Home Economics Department, began to develop a program of making and marketing of clothing articles. Her purposes here were basically two—to give students experience and to provide for them a means of earning money toward the payment of their college expenses.

"The College Maid Shop was the result. Its growth and expansion were very rapid, and Mrs. McMurray, in the tireless fashion in which all who knew her are accustomed to think of her, served as production manager, sales manager and general manager. When one method did not pay she would devise another. It was in order to be able to carry these heavy responsibilities that she resigned her teaching work in 1927.

"The name *College Maid* became famous largely because of her skill and enterprise. It grew and expanded to impressive proportions. Through years of economic boom and depression, through years of peace and war, it has operated steadily and with increasing demands which always seemed to outrun supply. Uniforms for factory workers, choir gowns, gym suits, nurses' uniforms, have been the products of the more recent years.

"The College Maid Shop has been a means of help to worthy young women which in terms of encouragement and growing self confidence is incalculably great. And Mrs. McMurray's energy, ingenuity, and especially her unfailing personal kindness and sympathy, have always been the center around which the College Maid Shop has revolved.

"The loss the College experienced in the termination of Mrs.

McMurray's work was expressed in a letter from President Lloyd to her after she became too ill to continue. I quote briefly from the President's letter: 'There never was and probably never would have been a College Maid Shop without you. To go ahead even temporarily without your efficient and happy presence and direction is difficult and seems strange and unnatural. When you have been away temporarily we have always counted on your being back in charge soon.' It can be truly said of Mrs. McMurray that with her the processes by which worthy young persons acquire an education became Christian."

DEATH OF MR. CRESWELL

Rev. John Baxter Creswell, '87, of Bearden, a suburb of Knoxville, Tennessee, died on April 1, 1949, at the age of 88. He was buried at Eusebia near his birthplace about twelve miles from Maryville. For 49 years he was a Director of Maryville College. He graduated from Lane Theological Seminary, Cincinnati, in 1890, and was pastor of Erin Presbyterian Church, Bearden, for the twenty-five years from 1892 to 1917. After his retirement, Mr. Creswell, who never married, continued to make his home a mile away from the Erin Church. He was instrumental in encouraging many young people of small means to secure a college education.

CONTRIBUTION

The Class of 1948 has contributed \$50.75 to the Chapel Fund. This represents the money which was left as a security deposit for the Chilhowean, and which was not needed for that purpose. The decision to use the money in this way was made by the class officers. Appreciation of the College for the gift was expressed to the Class president, Charles W. Hoglan, who has requested that this word be passed on to all members of the class by means of this notice.

VISITING ARTISTS

In March Mr. Gabriel Fenyves, head of the piano department at Macalester College, Minnesota, visited the campus under the auspices of the Arts Program of the Association of American Colleges for a two-day music seminar. He played at "long chapel" on Thursday morning and then went to various classes for lecture and discussion. On Thursday afternoon the Division of Fine Arts invited all local music teachers to bring their pupils to a piano clinic. On Friday evening Mr. Fenyves gave a formal recital in the Alumni Gym.

This program was presented by the Artists Series, the first since the Chapel burned. It has not been considered possible to have the regular Artists Series concerts in the Gymnasium, so this plan of a two-day visit and recital was tried and was thought by all to be very successful.

On March 25, Rosa Page Welch, noted Negro mezzo-soprano, gave a concert in the Alumni Gymnasium. She came to the campus with Miss Elisabeth E. Turner, of the Presbyterian Board of Foreign Missions, who spoke at chapel on Thursday, March 24. Mrs. Welch for the past ten years has used her art for church work and she made a deep impression here by her combination of musical ability and spiritual insight.

DUES

Dues of the Alumni Association are \$2.00 per year. Out of this money the Association pays for the two issues of the magazine and for postage, office supplies, and some of the other office expenses. The fiscal year ends in June so if you have not sent in your dues for 1948-1949, please do so at once, and help keep your Alumni Office going.

ATHLETICS

The 1948 football season, under the direction of Director of Athletics Lombe Honaker and Coach J. A. Davis, was more successful than the record of four games won and four lost would indicate. After winning over Hiwassee, Emory and Henry, and Western Carolina State, and losing to Middle Tennessee State, Sewanee, East Tennessee State, and Tennessee Polytech, a thrilling victory over Carson-Newman 20-18 at Jefferson City brought the season to a happy climax.

Spring football practice, directed by Coach Davis, revealed some good new material, both among our present students and among seniors from nearby high schools who came out for the afternoon practices. Prospects are encouraging for a good team next fall. The 1949 team will be led by captain Howard Davis and co-captain D. M. Miller.

The cross-country team ran four meets last fall, winning two with Sewanee and losing two to the University of Tennessee. The team was directed by Coach Kenneth Johnson.

Out of a full schedule of seventeen intercollegiate games, Coach Honaker's basketball team lost only five games, two to Lincoln Memorial University by one point each, one to Carson-Newman at Maryville, one to the University of Chattanooga, and one to Emory and Henry. The biggest upset of the season was Maryville's 67-49 victory over Chattanooga on our home court. Our team won over Carson-Newman 67-39 at Jefferson City. The 1949 captain was Bob Boring.

The wrestling team, coached by "J. D." Davis, won four out of seven matches, winning over Knoxville YMCA twice, University of Chattanooga at Chattanooga, and Georgia Tech, and losing to Arkansas State College, Alabama Tech, and University of Chattanooga at Maryville. At the Southeastern AAU tournament Maryville won third place with a total of 27 points, tying Georgia Tech. Two of our men wrestled for first place in the finals. This year's wrestling captain was Henry Callaway, Jr., son of Dr. Henry A. Callaway, ex '17. Captain-elect is Hershell Merriman.

Maryville's first swimming team since 1942 completed a very acceptable season, under the leadership of Coach Kenneth Johnson. Although they did not win any of their five meets, two with Vanderbilt, two with the University of Tennessee, and one with Berea College, the scores were by no means one-sided, and some promising swimmers were discovered and developed for next year. A freshman, Donald Macdonald, broke Maryville's previous record of 2:02 for the 150 yards backstroke with his time of 1:59. Maryville divers took first and second places against University of Tennessee and Vanderbilt and first place against Berea.

As this article is written, the baseball, track, and tennis teams, directed respectively by Coaches Honaker, Davis, and Johnson, are in the midst of successful seasons. The baseball team thus far has won ten and lost five games. In its first regular meet since 1941, our track team beat Tennessee Polytech 120½ to 19½. At the Milligan Relays our team, with 56 points, tied for first place with Wofford College, and won the cup for the mile relay. The tennis team has won all of the seven matches played thus far, with a total of 47 games won and 7 lost.

Extensive intramural athletic programs have been carried on continuously through the year. The women's intramural program is directed by Mrs. Verton Queener, the men's program by Coach Kenneth Johnson.

OLDEST LIVING GRADUATE

The oldest living graduate of Maryville College (in terms of date of graduation) is Nellie Eugenia Bartlett Cort, who lives at Hollister, Missouri.

Mrs. Cort graduated with the B.A. degree seventy-one years ago in the Class of 1878. She taught a year in the Preparatory Department of Maryville College and then in Utah under the Presbyterian Board of National Missions until her marriage in 1882 to Rev. Arthur B. Cort, whom she survives. She and her husband went to the State of Washington in 1887 under the Board of National Missions, traveling by covered wagon with their two children.

The first teacher to join Professor Lamar in reopening the College after the Civil War was Rev. Alexander Bartlett of New England, who was Professor of Latin from 1867 until his death in 1883. His home, which burned after his death, was the first house built on the present campus where Dean McClelland's house (formerly occupied variously by Treasurer Proffitt, Dr. Gillingham, Dr. Bassett, Professor Mathes, and others) now stands. Mrs. Cort was the second daughter of Professor Bartlett. Her uncle, Dr. Peter Mason Bartlett, was third President of the College from 1869 to 1887.

All members of the classes earlier than 1878 have passed away, and likewise the other three members of that class (James Elcana Rogers, William Henry Naff Taylor, and Samuel Tyndale Wilson). There were no graduates in 1879. All five members of the Class of 1880 have died and Horace McBath is the only member of the Class of 1881 now living. When Mrs. Cort returned her information questionnaire last year she asked whether she might be the oldest living graduate.

The *Alumni Bulletin* extends greetings and good wishes to her.

CAMPUS ACTIVITIES

On January 28 an Opera Workshop presented "Hansel and Gretel" in the Alumni Gymnasium. It was given in the afternoon for grammar school children and in the evening for the college and general public, and was very successful. The production was the work of all departments in the Division of Fine Arts. The art classes painted the scenery, the drama classes provided costumes, make-up, and stage direction, the music classes provided the singers and accompanists. Each of the three acts was directed by a different drama student, the accompaniment was played by a different piano student, and the two main parts of Hansel and Gretel were sung by different voice students. Thus a large number of students took part and for each individual the amount of work was limited.

Other campus activities during the second semester included the annual orchestra concert, the "Springtime Serenade" given by the Girls' Choir and the Men's Glee Club, the play "Papa is All," May Day and the Spring Formal, the Fashion Parade of the Home Economics Department, the Easter Sunrise Service, the Vesper Choir Concert, the YW and YM Retreat, open house in all the dormitories, the Experimental Theater's one-act plays, several art exhibits hung in Thaw Hall Library, and the Commencement events.

WHO'S WHO AMONG STUDENTS

Nine seniors were elected last fall to *Who's Who Among Students in American Universities and Colleges*.

Jim Black, Baltimore, Maryland, is president of the Student Council and last year was president of the YMCA. He has been active also in dramatics.

Dave Campbell, Mars, Pennsylvania, has been YMCA secretary for two years, is president of the Pre-Ministerial Association, is a member of Writers Workshop and of Pi Kappa Delta, national honorary forensic society.

Barbara Eggleston, Marinette, Wisconsin, is president of the Women's Student-Government Association, a member of Student Council, of Writers Workshop, and of the M Club.

Vera Lusk, Scotch Plains, New Jersey, is a member of Student Council, a YWCA cabinet officer, president of Bainonian, and has been in the Vesper Choir two years. She was the 1948 Homecoming Queen.

Mildred Miller, Dallas, Texas, has been on the YWCA cabinet two years, was house chairman of Baldwin Hall in her sophomore year, was co-chairman of Barnwarming last Thanksgiving.

Ilda Mosby, Massilon, Ohio, is editor of the *Highland Echo* this year, and is a member of Writers Workshop and on Student Council.

John Poland, Beverly Shores, Indiana, is vice president of Student Council this year and has been a member for three years. He has been manager of the Y-Store for two years.

Bill Proffitt, Maryville, is a two-year letterman in football and also earned a letter in track in his sophomore year. He is on the Student Council, was president of his class and of the Athletic Board of Control last year.

Margaret Rock, Ontario, Oregon, is president of the YWCA. She is also a member of Student Council, the Social Board, and M Club.

At Maryville election to *Who's Who* is by the Student Council and the Executive Council of the Faculty and is on the basis of scholarship, cooperation and leadership in academic and extra-curricular activities, and general citizenship.

Front row: Ilda Mosby, Barbara Eggleston, Margaret Rock.

Back row: Jim Black, John Poland, Bill Proffitt, Vera Lusk, Mildred Miller, Dave Campbell.
